

Fin-LEAD Conference 2026

Finance • Leadership • E-invoicing & Tax • AI • Digital Presence

Leading Beyond Numbers:
Empowering Finance Professionals in the Age of AI

Artificial Intelligence for Finance Professionals

Meet our Speaker:

Mr. Damu Winston

Investor – AI, Web3 & Critical Infrastructure, Winston Trust

Mr. Damu Winston, MBA, PMP, is the Former Global Head of Web3 at Amazon. He is an internationally recognized investor, boardroom advisor, and AI strategist with extensive experience in digital transformation, emerging technologies, financial services, and institutional innovation. As Founder of Winston Trust and Deep Learning Intelligence, he advises ultra-high-net-worth individuals, family offices, and global organizations on artificial intelligence, digital assets, strategic investments, and the future of finance. His expertise spans AI adoption, cloud technologies, governance, regulatory innovation, and enterprise transformation, supported by globally recognized certifications from AWS, Microsoft, and IBM.

A sought-after keynote speaker and thought leader, Mr. Winston brings a practical, executive perspective on leveraging AI to create business value.

At Fin-LEAD Conference 2026, he will empower finance professionals with actionable strategies for harnessing Artificial Intelligence to enhance decision-making, improve productivity, and lead confidently in the rapidly evolving digital finance landscape.
